# JOHN SHUMAN'S Sale of Colomeadow Shorthorns

Connie Bob Shuman receives the Western Shorthorn Association trophy from his father, John Shuman, upon exhibiting the Grand Champion steer at the 1958 Arapahoe County Fair.

Mr. Paul S. Pattengale, Livestock Specialist at the Colorado State University, who is in charge of the "Record of Performance" in Colorado, has just completed grading and weighing our herd for the second straight year.

He reports that the Colomeadow calves received the *highest* grade of any herd in the state, under his program, regardless of breed.

The "Record of Performance" program is not a sales gimmick. It is intended to help the individual cattleman improve his cattle through the keeping of proper records of each sire and dam, which are also weighed and graded.

All of our bulls have a grade and record of gain which we will be happy to pass along to anyone interested.

We mention this only because we want our customers to know what is going on to improve the cattle business at Colomeadow.

This year, for the first time, Dr. Carroll of the Colorado State University has fertility tested all of our bulls that are old enough.

Dr. S. F. Hanks, our regular veterinarian will examine each cow for pregnancy and his report will be given Sale Day.

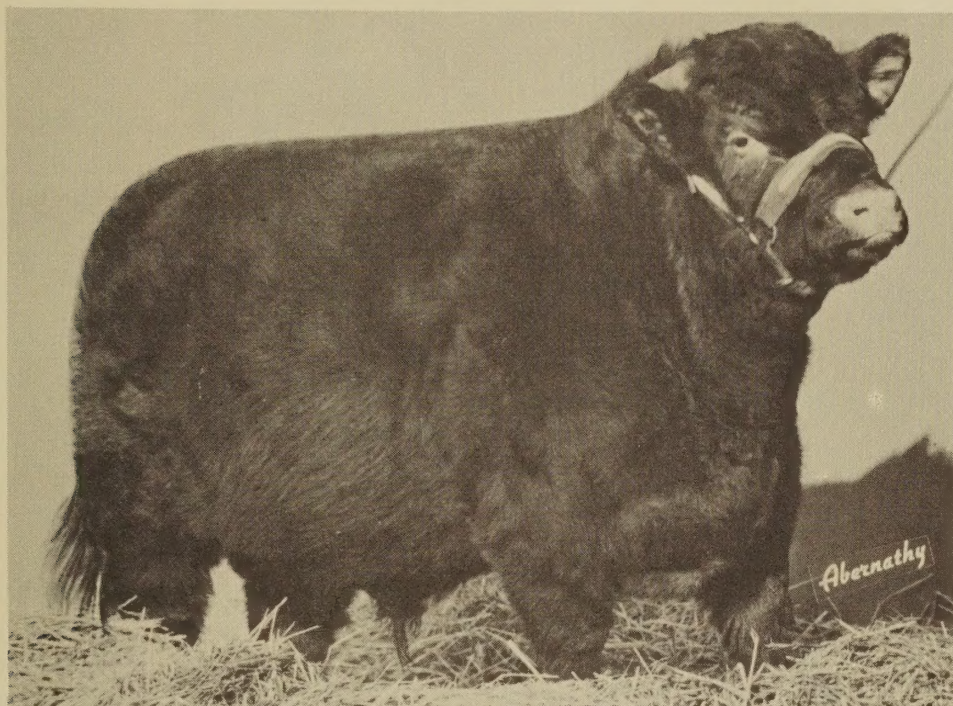

We want you to feel free to invest in Shorthorns that will surely give you great satisfaction and some profit, in this Sale.

Shorthorns are on the move and certainly the one thing we need most is *MORE* good breeders producing *MORE* good Shorthorns.

CLEAR CREEK ROYAL LEADER -- We purchased him in the '53 International Congress sale after he had placed first in the senior bull calf class in the open show. He is by the famous Ed. Royal Leader 114th and we think his shortness of leg and full bulging quarter is something we can use in our herd. We showed him at the '54 Fort Worth Stock Shop where he was jr. and res. grand champion. There will be 2 bulls and 21 females as well as several steer calves sired by him in this sale.

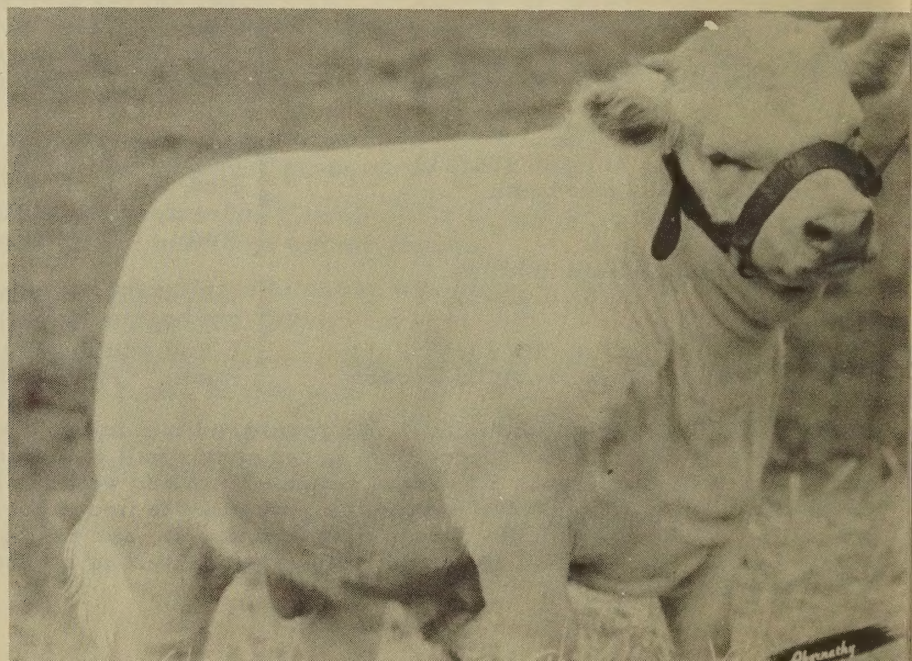

## HE IS CARRYING ON

RINGWELL LODESTAR 2nd is shown here in his mature form this summer when he was named Champion Bull at the Colorado and Wyoming State Fairs. His smoothness, great substance, ideal balance and bulging quarter are qualities that he is stamping on every calf he sires. Two sons and five daughters will sell in this sale and there will be several show steers sired by him. Be sure to look all of them up. We picture him below as a calf when he was made Champion of the Chicagoland Show by Judge, Clint Tomson.

## THE TYPE THAT PERPETUATES THE BREED

Every great breeding bull has had a great mother. Pictured at right is Augusta of DON HILL 8th, dam of RINGWELL LODESTAR 2d and one of the many outstanding brood cows in the present Colomeadow breeding herd.

RINGWELL LODESTAR -- Grand Champion Bull and Supreme Grand Champion Shorthorn at the 1954 International Livestock Show. We purchased him with the Ringwell herd and then sold him for \$10,000 to the University of Kentucky. Few bulls in service today can match his ability to sire good heads and good bodies. His sons and daughters have thickness, substance and real beef-making quality bred into them. Three sons and four daughters sell in this sale.

LEVELDALE CUSTODIAN was purchased by Susanna Farms, Lakeville, Illinois for \$19,000, the top of the 1952 Leveldale Sale. He was a Grand Champion bull at three State Fairs and out of the great Leveldale Crocus, exhibited 18 times as a calf and a yearling and Champion and Reserve Champion wherever shown. Leveldale Custodian is the sire of the Lot #1 bull.

KAIR MARTINET, owned by the Brown-Forman Experimental Farm, Frankfort, Ky. is the sire of Lot 4 and 5 bulls. He also sired one of the most talked about shorthorn steers at the 1958 Chicago International Livestock show.

**RINGWELL SIR TALISMAN.** He spent his entire life in the Ringwell herd. He was sired by Beaufort Boxer by Kirkton Baronet and his dam was the \$6,000 Beaufort Orange Talisman, dam of both an International Grand Champion bull and female.

COLOMEADOW CUSTODIAN -- A half-brother to two International Supreme Champions. His dam the famous Beaufort Orange Talisman is probably the greatest brood cow in the country today. His sire, the \$19,000 Leveldale Custodian, has made a remarkable record in the Sussana herd at Lake Villa, Ill. This bull can't miss being a great stock bull. He has weight for age, weighing 1075 pounds at one year old. You can go the limit on him. Fertility tested.

RINGWELL MORNING STAR

When Ringwell Farms showed Ringwell Morning Star by Ringwell Lodestar to the Grand Championship at the 1956 International Congress Show and Sale, as an 11-month old calf, Robert Reese of Strowan Farm, Fredericktown, Ohio, purchased him. How did he develop? In the recent Reese Dispersion on November 8, 1958, Ringwell Morning Star displayed show ring form as a two-year old. Best of all, his calves both male and female were outstanding. So what happened? Herman W. Albers, Dixon, Illinois purchased him for \$2,500 and other buyers early sought his get and services.

---

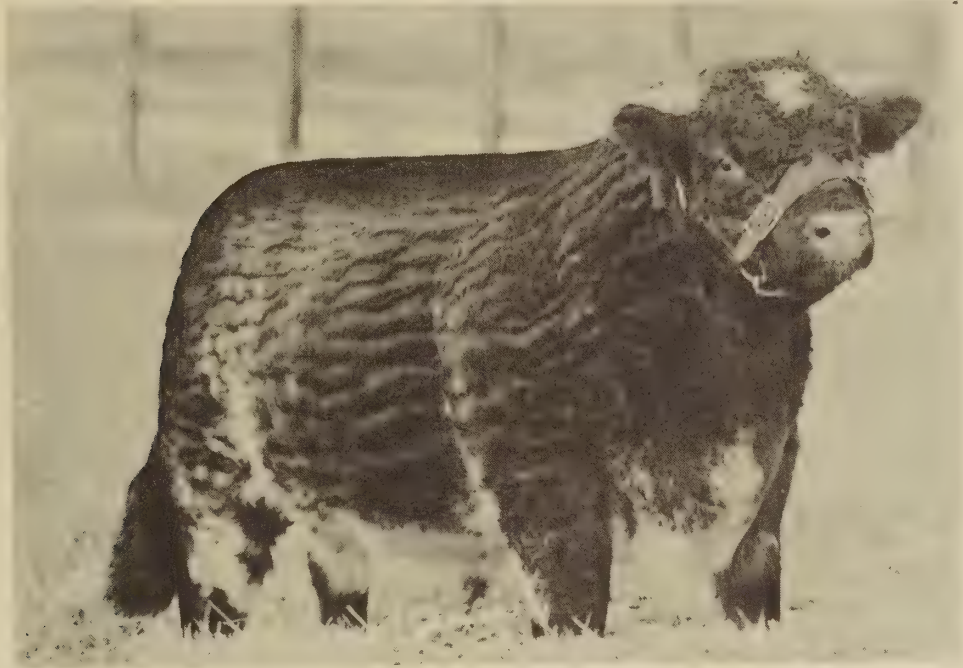

He Is A Three-Quarter Brother to Lot No. 2

---

The dam of RINGWELL MORNING STAR is RINGWELL ROSEWOOD 2nd out of CLUNY ROSEWOOD 75th, thus he and COLOMEADOW LODESTAR are by the same sire and out of dams that are half-sisters. COLOMEADOW LODESTAR is also an outstanding bull.

## **for those who have high aims!**

To those who seek Shorthorns with "built in" beefiness, with good, sound skeletal structure and backed by the blood of International Champions, here is the Sale for you.

If you need some extra thickness, depth, fleshing and general all around beef-making quality in your Shorthorns, then you had better tie on to one of the good bulls or several of the choice females selling in this Sale, because they have got it.

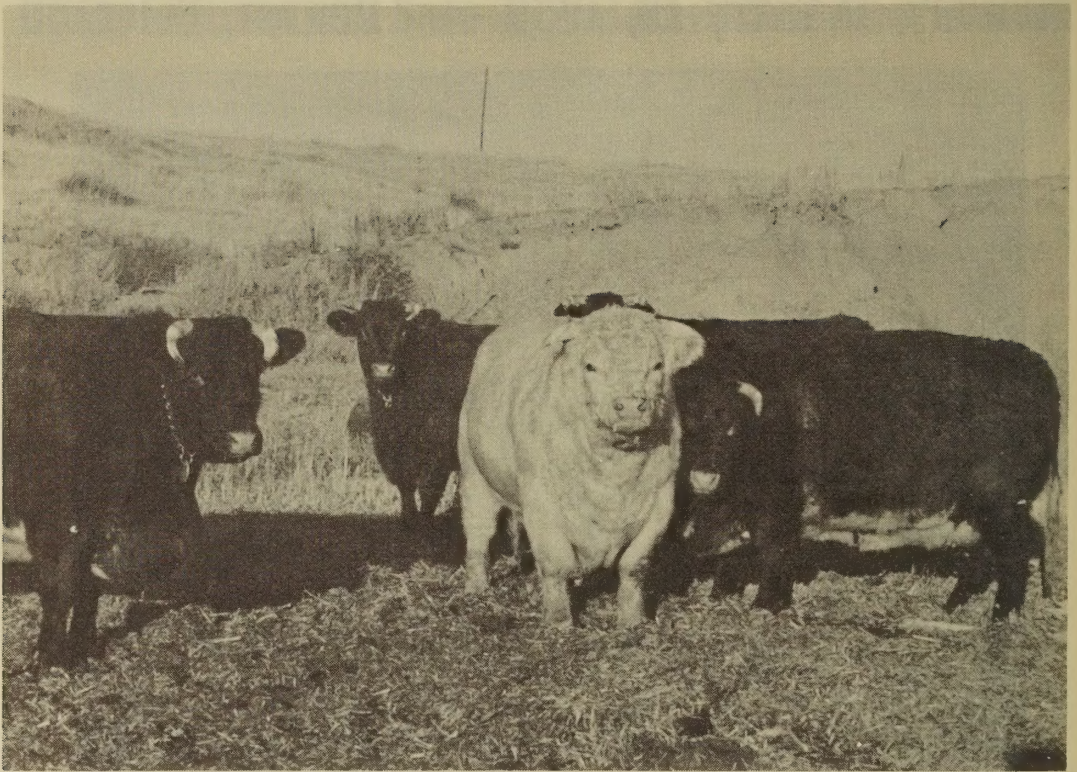

This catalog is factual. Many of the sale animals are pictured, all are described modestly. Their type is right; their pedigrees are right; they are backed by qualified production performance; all that is needed then is for you to come and see them in this Sale.

I personally like the way John Shuman handles and developes his cattle. They are sound, rugged and healthy. All the bulls above calf age have been fertility tested. All the bred females have been pregnancy checked. Therefore, whether you are a beginner or an old-timer in the production of Shorthorns, you can feel perfectly safe in patronizing John Shuman and his 1959 offering of "up-to-date" and "up and coming" registered Shorthorns.

MERV AEGERTER

RINGWELL ORANGE TALISMAN 2nd -  
RINGWELL ORANGE BLOSSOM and the Chicago  
International Champion female, RINGWELL  
ORANGE TALISMAN, are shown here with

The sale will start promptly at 1:00 p.m. with the bulls selling first, followed by the registered females and the club steers selling last.

Attend the Shorthorn breeding cattle show on Tuesday, January 20 and the National Western Shorthorn Sale on January 21. Also see approximately 75 head of Shorthorn bulls shown in pens of 5 and pens of 3 down in the yards. We will cooperate fully in joining shipments with cattle purchased in the Denver sale and privately in the yards during Stock Show Week.
